Dear Henry,

Reference is made to your letter dated 24 April 1957 submitting a schedule of purchase orders applicable to Contract A-101.

The orders have been reviewed and it has been found that some of them were approved by the Contracting Officer. The balance have been discussed with our engineers who recall the technical need for some items at the time they were purchased. As you are aware the urgency of the program required some deviation from normal practice. Accordingly it is felt that an approval for all orders is required at this time.

In order to insure that the Contractor adheres to normal purchasing methods wherever possible he is being reminded of the requirement for Competitive bids.

We appreciate your help in this matter. Returned per your request is the list furnished by Walt.
